OTHER DETAILS

Stage is yours to configure. In a scenario where you want to move your furniture, the arms and backs can be removed and rearranged.

Arms and backs use pins that attach to grommets in the platform.

Sectionals use I-brackets that bolt at the bottom to secure pieces together.

Choose from 30" or 37.5" seat widths. Configurations are visually complementary when the same seat width is used within the configuration.

- Seat Fill: Memory foam layer with feather and fiber topper
- Back Fill: Feather & Fiber
- Suspension: No-Sag Spring
